EDUCATION

Bachelor of Science, Computer Science

[California State University, Fullerton](#)

📅 2020 - Ongoing 📍 Fullerton, CA

- Coursework in System Architecture, Compilers, and Blockchain Technologies

Associate of Science, Computer Science

[Fullerton College](#)

📅 12/2019 📍 Fullerton, CA

- Coursework in Data Structures and Algorithms

EXPERIENCE

Operations Administrator

[FedEx Ground](#)

📅 06/2020 - Ongoing 📍 Industry, CA

Multi-national delivery service

- Independently managed
- Damage mitigation of customer packages
- Handling and processing of hazardous materials
- Communicate and assist with customers over loss claims

Package Handler

[FedEx Ground](#)

📅 07/2018 - 06/2020 📍 Industry, CA

Multi-national delivery service

- Scan and load packages in an intensive, fast-paced environment
- Adhere to FedEx's safety guidelines while maintaining a quota

ACHIEVEMENTS

Employee of The Month for FedEx Ground

Awarded February, 2019

Safety Committee Member For FedEx Ground

Discussed and implemented solutions for worker safety using critical analysis and reported any potential safety hazards to upper management.

Implemented a mentoring system for all newly-hired package handlers in order to develop team-based skills and to resolve common mistakes.

PROJECTS

Syntax Analyzer

<https://github.com/evan-delasota/Syntax-Lexer-Analyzer>

A team-built class compiler project in C++

- Features recursive descent parsing
- Basic error handling
- Symbol Table

Blockchain Creation

<https://github.com/evan-delasota/Basic-blockchain>

Basic blockchain implementation in Java

- Wallet creation
- Public/Private keys using E-C cryptography
- Fund transactions using signature verification

JavaScript Calculator

<https://github.com/evan-delasota/javascript-calculator>

Web-based calculator using JS/HTML/CSS

- Flexbox layout
- DOM-manipulation

TECHNICAL SKILLS

Coding

Java (Intermediate)

C++ (Intermediate)

HTML5 / CSS (Intermediate)

JavaScript (Novice)

Python (Novice)

Project management

Git / GitHub

Trello

Miscellaneous

Windows/Linux/Mac OS

Microsoft Office
