# **EVAN DELASOTA**

**909-544-7811** Walnut, CA

@ evan.delasota@gmail.com

# **EDUCATION**

# Bachelor of Science, Computer Science

#### California State University, Fullerton

· Coursework in System Architecture, Compilers, and Blockchain technologies

**3.0** / 4.0

**GPA** 

· Worked on multiple coding projects in a team-based environment, utilized version control

# Associate of Science, Computer Science

#### **Fullerton College**

· Coursework in Data Structures and Algorithms

# **EXPERIENCE**

## **Operations Administrator**

#### **FedEx Ground**

- Manages time and work-flow independently
- Actively mitigate damage/loss of customer packages
- · Handling and processing of hazardous materials

# Package Handler

#### FedEx Ground

- Scan and load packages in an intensive, fast-paced environment
- · Adhere to FedEx's safety conduct while maintaining a quota

# Amazon Associate - Seasonal

## **Amazon Flex**

· Transporting and handling of customer goods in a timely manner

# **ACHIEVEMENTS**

#### **Employee of The Month for FedEx Ground**

Awarded February, 2019

### Safety Committee Member For FedEx Ground

Discussed and implemented solutions for worker safety using critical analysis and reported any potential safety hazards to upper management.

Implemented a mentoring system for all newly-hired package handlers in order to develop team-based skills and to resolve common mistakes.

# **PROJECTS**

## Syntax Analyzer

Class compiler project in C++

- · Recursive descent parsing
- · Lexical analysis
- · Data encapsulation
- Error handling

#### **Blockchain Creation**

Blockchain implementation in Java

- Wallet creation
- Public/Private keys using E-C cryptography

https://github.com/evan-delasota

- · Fund transactions using signature verification
- OOP-based design

## JavaScript Calculator

Web-based calculator using JS/HTML/CSS

- Flexbox lavout
- DOM-manipulation

# **TECHNICAL SKILLS**

# Coding

Java (Intermediate)

C++ (Intermediate)

HTML5 / CSS (Intermediate)

JavaScript (Novice) Python (Novice)

#### **Tools**

Git / GitHub

Windows / Linux / Mac

SSH

**Microsoft Office**
